RE: Additional names for RSPG submission from Dynamic Solutions Alliance
To: CNECT-RSPG@ec.europa.eu

Dear Sir or Madam,

I am writing on behalf of the Dynamic Spectrum Alliance, 15 members* of which jointly submitted a response to the RSPG's public consultation on Licensed Shared Access (submitted on 23rd August 2013, titled "Comments on the Radio Spectrum Policy Group's Public Consultation on the draft Opinion on Licensed Shared Access").

The Dynamic Spectrum Alliance is a new organization in the process of establishing its internal governance and processes. As such, a number of Alliance members were late to give their official support to the submission, specifically:

- NSRC
- MediaTek
- WaveTek

These three (3) companies have requested that we contact you to inform you that they too support the submission, and wish to be added to it. This is not a change to the substance of the submission itself and we hope that RSPG will take on-board the additional support for the views expressed in the document.

Sincerely,

A handwritten signature in black ink that reads 'Aja Murray'.

Aja Murray
DSA Administration

*** Fifteen (15) DSA members originally to sign the submission:**

6 Harmonics; Adaptrum; ARM; BskyB; Carlson Wireless; CSR Technology; CTVR, Trinity College Dublin; Google; InterDigital; Microsoft; Neul; Ruckus Wireless; Tanzania Commission For Science and Technology; Texas Instruments; Selcom Broadband Limited Brand UhuruOne.
