

Results of the 5<sup>th</sup> RSPG Questionnaire  
Good offices - 700 MHz band  
*Cross-border coordination issues*

May 2018

# Evolution vs 5<sup>th</sup> questionnaire

- **All EU countries have responded except BG.** Four non EU countries have responded : MK, TU, RS, NO
- National roadmap is agreed for only 12 EU countries. Progress in this respect has been limited since January.
- The date for planned end of migration date is uncertain for PT, ES and EL (2020 ?) and is exceeding 2020 for IT, LV, LT(2022) and MT (2021).
- Most countries have now specified the planned authorization date. The dates remain uncertain for PT, ES, and EL. Besides, LV and MT will grant the authorizations in 2021.
- Coordination within EU finalized (ie “signed”) except around Belgium : signed with LU, under signature process for NL, FR and ongoing with GB, DE.
- Still many coordination issues with non EU countries, without significant progress since January
  - Cyprus vs Turkey.
  - IT/MT vs North Africa
  - IT vs Albania
  - Eastern cluster : mainly Russia and, to a lower extent, Belarus and Ukraine
- Significant transition issues mainly with countries outside EU. Inside EU :
  - Latvia/Estonia transition plan agreed between the 2 countries
  - Clarification needed on the availability of the Croatian GE-06 channels used by Italy

# Q1

## National Roadmap

-  agreed
-  final stage
-  under development
-  preliminary discussion
-  not started

F\* - Former Yugoslav Republic of Macedonia
