

Results of the 4st RSPG Questionnaire
Good offices - 700 MHz band
Cross-border coordination issues

January 2018

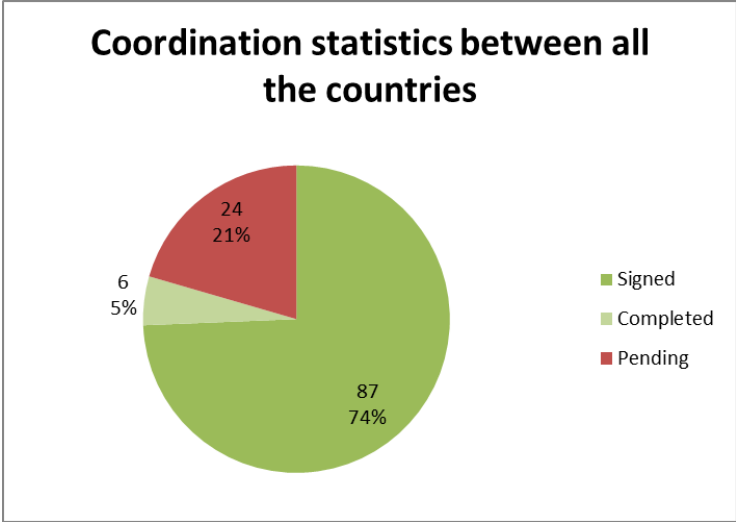

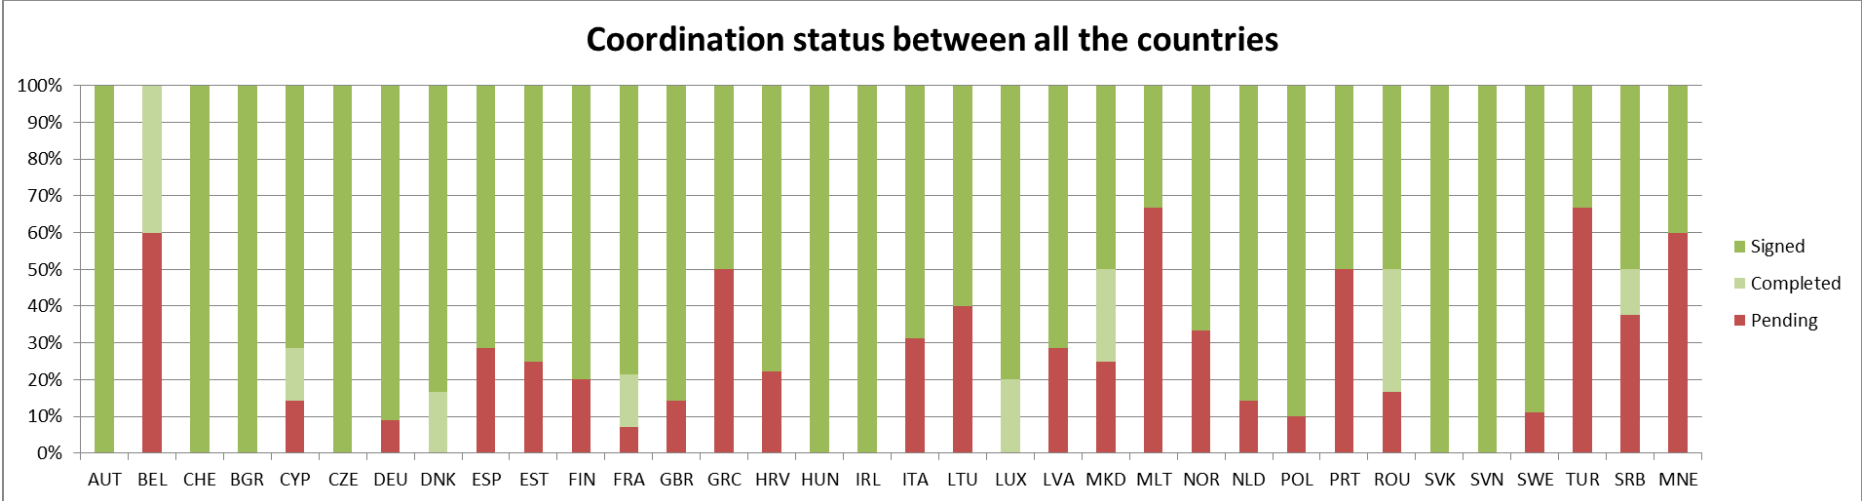

Evolution vs 3rd questionnaire

- **All EU countries have responded.** Three non EU countries have responded : MK, NO, CH
- Planned end of migration date is specified for all EU countries. Exceeding 2020 only for IT, LV, LT(2022) and MT (2021).
- Authorization date after 2020 only for HR and MT, **but many countries have not yet specified the date**
- Coordination within EU finalized (ie “signed”) except around Belgium (ongoing with GB, NL, DE and completed but not signed with LUX and F).
- Still many issues with non EU countries
 - Cyprus vs Turkey.
 - IT/MT vs North Africa
 - IT vs Albania
 - Eastern cluster : mainly Russia and, to a lower extent, Belarus and Ukraine

Results of coordination inside EU

Results of coordination (inside and outside EU)

Q2-1 starting of migration

Q2-2 end of migration

Q2-3 expected date of authorization of MFCN

REV4
