The Group considered one written and several oral contributions during the meeting on the Opinion. The following conclusions have been drawn:

- The Title of the Opinion was clarified as the supplementary nature of the Opinion has directly been addressed in the first paragraph in the introduction.
- Some paragraphs have been re-placed in different sections in order to follow the logical structure of the Opinion.
- Section 3 have been modified to clarify the roles of the EU at a radiocommunication conference and the necessity of EU coordination at such conferences.
- Section 4 have been re-ordered to follow the structure of the Opinion
- Finally the Group confirmed again that the Opinion 09-294 shall be retained and linked this with the supplemental information of the development Opinion. In order to ensure a consistent readability the Group suggested to keep the original section 5 as an Annex to this Opinion.

With such changes the Group submits this Opinion for approval of RSPG.
