**27th Progress Report of the RSPG Sub-group
on Peer Review and Member State cooperation**

27th Progress Report of the RSPG Sub-group on Peer Review and Member State cooperation

The RSPG at its Meeting #65 (hybrid, 18th November 2024) approved the 26th Progress Report of the RSPG Sub-Group on Peer Review and Member State cooperation.

I. PEER REVIEW FORUM

Since the last RSPG Plenary the Sub-Group has received two requests to convene a voluntary Peer Review Forum on the basis of Article 35 of the European Electronic Communications Code (EECC).

Slovakia – 15 January 2025 on a selection procedure in order to assign the rights of use of spectrum band 800 MHz, 900MHz, 1500MHz, 2100 MHz and 2600MHz. The public consultation started on January 15th and ends on February 17th 2025. The call for tender will be finalised after the public consultation. It is expected that the award auction will start in June 2025. The Peer Review forum will take place on 13th February at 1300 online.

Italy – 31 January 2025 on selection procedure and the rules for the use of the radio spectrum in the band 24.25-26.5 GHz (lower 26 GHz band) in Italy. The Peer Review forum will take place on 26th February at 1030 online.

II. SUB-GROUP ACTIVITY

Since the last RSPG plenary meeting, the sub-group has not held any meetings.

The sub-group is working on the next Peer Review workshop. The main topic will be the 2024 Summer Olympics in Paris. France will share their experience on methodology to handle spectrum issues during the organisation of special events, including the frequency plan, the spectrum monitoring and the “test and tagging” system. The workshop will take place on 2-3 April in Paris. Online participation will be possible. Other topics which are envisaged to feature in the workshop are the 26GHz band and the evaluation of mobile spectrum awards.

The sub-group has prepared its annual report (RSPG25-004) under Article 35(8) of the EECC for adoption.

The Plenary invited to **adopt the draft Annual Report.**
